## **WALLWORKS NEW YORK CLOSSES THE 2022 SEASON WITH AN EXCITING MINI-RETROSPECTIVE OF MURALIST ANDRE TRENIER!**

WALLWORKS NEW YORK is thrilled to announce our final exhibition of 2022, ***The Art of Storytelling***, a solo showing from Andre Trenier!

Trenier, a prolific muralist in The Bronx, opens his collection of works in a deeply personal and heartfelt installation. *The Art of Storytelling* serves as a mini-retrospective of Trenier's studio life, and invites the viewers to examine the art, and find the story being told in each piece.

When asked about the exhibition, the WALLWORKS team said the following:

*"The essence of The Bronx is felt in these works. The colors, the faces, the mood--it's all very Bronx and speaks to us in a very valid, humbling, humorous and emotional way."*

***The Art of Storytelling*** will run through January 27, 2023.  
*Gallery hours are Wednesday-Friday, 11am-5pm and weekends by appointments only.*

### ABOUT ANDRE TRENIER:

Andrew Trenier is a graduate of LaGuardia High School and the University of the Arts in Philadelphia and has continued to hone his skills working in all available mediums. Andre began painting murals in 2003 with a memorial for a close friend. He continued to do memorial walls around The Bronx, finally perfecting his spray painting techniques while working in Europe.

In 2004, Andre founded Tangible Thoughts, a creative collective first known for customizing high-end fashion and sneakers.

Over the years, Tangible Thoughts developed into a creative art and community service collective while Andre continues to amaze viewers with his skill, attention to detail and pursuit of perfection in all things creative.
