WALLWORKS NEW YORK WELCOMES MIAMI PHENOM ABSTRK IN HIS FIRST NYC SOLO EXHIBITION!

WALLWORKS NEW YORK is thrilled to open our doors for **FRGMNTS**, a solo exhibition by prolific Miami artist, **Enrique "ABSTRK" Mas**.

FRGMNTS marks the artist's first solo exhibition in New York and serves as a study of vintage Americana through the lens of Miami graffiti pop culture. The artist explains the new series as follows:

*"...Metal badges from vintage American cars are scattered and broken up into freestanding letters and logos *Each letter and logo has an unknown story and life that has led it to this point in time that we will never know which evokes a unique memory or nostalgic feeling of a time and place juxtaposed alongside pieces of wood panels and painted fabrics new and old that relate to origins of my own journey navigating through my development as a creative who's moniker was inspired by customizing apparel...*"*

The works in **FRGMNTS** offer a glimpse into the artist's thought process while working--switching between mediums, surfaces, and compositions. The process is just as much part of the art as the finished work.
